We operate a variety of packages that take you on to a journey into a land and culture which is rich in experience and adventure.

Whilst we know you have come to the Lodge to enjoy sports fishing, you might also want to enjoy experiencing the true "culture" of the indigenous Tiwi people of this region. We can assure you it's fascinating and memorable.

### ECO TOUR:

Embark on a tour that reveals Traditional Hunting and Collecting techniques of the Tiwi people. This is a totally interactive experience and one you shall never forget. Imagine viewing turtle eggs in their natural habitat (seasonal) or spearing Mud Crab and Stingray!

You can collect traditional foods from mangroves and lunch on a beautiful remote beach using traditional cooking techniques. (Ever barbecued a mud crab on the beach before?)

You'll also enjoy spectacular views of the island's coastline.

### CULTURAL TOUR:

You'll have the rare opportunity to interact with a proud ancient culture which still maintains strict traditions, despite adapting to today's world.

You will visit the Munupi Art Centre and have the chance to purchase some fabulous artwork. You will also tour the local community and have the opportunity to interact with the Tiwi people, as well as visiting a sacred burial site.

Many guests love to visit the ruins of Fort Dundas, built in 1824. This was the location of the first attempt by the English to establish a permanent settlement in the Northern Territory.

# SIMPLY ONE OF THE MOST SPECTACULAR AND EXCITING. FISHING LOCATIONS IN THE SOUTHERN HEMISPHERE!

Clearwater Island Lodge is renowned as being one of the top 5 sport-fishing lodges in Australia, with our reputation stretching throughout Indonesia and other parts of the southern hemisphere.

We are located on tropical Melville Island, easily accessible via a comfortable 30-minute flight from Darwin in the Northern Territory of Australia.

Because of our remoteness, you will enjoy personalised fishing adventures in pristine wilderness environments. And if its Barramundi you're after, you've come to the right place! Barra are regular captures, many measuring well over a metre in length.

However, there are over 25 other species of river and coastal fish in our region, including the Mangrove Jack, Spanish Mackerel, Golden Snapper, Threadfin Salmon, Giant Trevally and Queenfish – amongst many more.

You'll enjoy the experience of a lifetime, exploring the many miles of twisting mangrove rivers and estuaries, as well as some exciting reef fishing, chasing the fabulous Black Jewfish and Golden Snapper! Indeed, you will probably never see again such an awesome diversity of fishing options all in the one place!

## SAY G'DAY TO A CROCODILE OR TWO!

Whilst you're likely to see wildlife such as turtles, dugongs and crabs, there's every likelihood that you will also see another of the Top End's famous inhabitants, namely the Salt Water and Fresh Water Crocodile! So make sure you bring your camera with you!

## FISHING EXPERTS, REX HUNT AND ANDREW ETTINGHAUSEN, LOVE THE LODGE!

With fishing legends Rex Hunt and Andrew Ettinghausen (ET) filming their TV programs from Clearwater Island Lodge, you know we must be doing a few things right!

In recent times, both of these Aussie fishing icons have been guests of Clearwater Island Lodge, together with their camera crews and producers.

Both have raved about the Barra-filled estuaries and Rex even commented, "The Black Jewfish of this region are the best and most prolific I have found anywhere!"

Aside from the superb fishing around the lodge, both TV hosts loved the exquisite food and the down-to-earth, friendly hospitality. Indeed, Rex loved the experience so much, he returned to the lodge as a paying guest!

Our experienced fishing guides are amongst the most professional and knowledgeable in the fishing world. Our boats are large, high-sided, sports fishing vessels and we provide all lures, rods and bait.

Our comfortable accommodation consists of twin-share, triple-share and double rooms, as well as one family room (double bed and bunk bed), all air conditioned for your comfort. Our relaxation area in the lodge features comfortable lounges with pay TV. And our bar and dining area is nestled on a cliff top, overlooking the Apsley Strait waterway, with extraordinary views at sunrise and sunset.
